## **NKY ARCHITECTS & ENGINEERS ACHIEVES A HIGHLY ACCLAIMED EUROPEAN AWARD FOR ARCHITECTURE**

The results of the European stage of the International Property Awards 2015-2016 have just been announced and NKY ARCHITECTS & ENGINEERS is justifiably proud to be among the national winners.

NKY ARCHITECTS & ENGINEERS competed against a number of the region's most accomplished architects to receive this recognition, and NKY ARCHITECTS & ENGINEERS won the Highly Commended Award for Public Service Architecture with their project Konya Necmettin Erbakan University. The official announcements were made at a gala presentation dinner at the Grosvenor House Hotel in Park Lane, London, on the evening of September 22<sup>nd</sup>.

The award is a major achievement for NKY ARCHITECTS & ENGINEERS as entrants are judged against a strict set of criteria. Judging was undertaken by a panel of over 70 experts from all over the world and chaired by two active members of the House of Lords: Lord Caithness and Lord Best.

Stuart Shield, president of the International Property Awards, commented, "Once again, European architects have excelled in this competition by entering a select number of superb architectural designs. These projects are meticulously planned to be functional and sustainable, creating the perfect environments in which to live, work or play."

Omer Unlu, General Coordinator of NKY Architects & Engineers, said, "Our design has been launched in this prestigious event, and it has received a full-page publicity on the Property Media magazine. The best return for our hard work is to receive this kind of international recognition."
